Focus on the Individual

Coastal Home Care employs a “person centered” philosophy of service. We believe that every individual is unique and has the right to make choices. *Coastal Home Care* staff encourage an individual to make meaningful choices about his or her life and community involvement. We then support our individuals in achieving those goals.

Supporting Your Family’s Journey

Special Education Transitions

Our support team will guide the way through the school to community life transition. We can attend meetings with you, advocate, and explain the complex service system.

Support for the Autism Spectrum

From navigating Waiver program options, linking with resources, to providing in-home personal supports, *Coastal Home Care* can be a solution.

Mental Health/ Challenging Behaviors

We have experienced staff able to assist with exceptional support needs during times of mental health crisis.

Dedicated Provider-Qualified Caregivers

Coastal Home Care over 35 years of experience supporting Individuals in their homes and in their communities.

Coastal Home Care provides specialized training and support for our caregivers. We oversee services to ensure that they are being delivered with respect, dedication and care.

Funding for these services can include: NOW/ COMP waiver program; insurance options, private pay sources, etc. Ask us about funding options. We can link you to resources.
